Introducing Clara

Hi Edward, how are we feeling today?

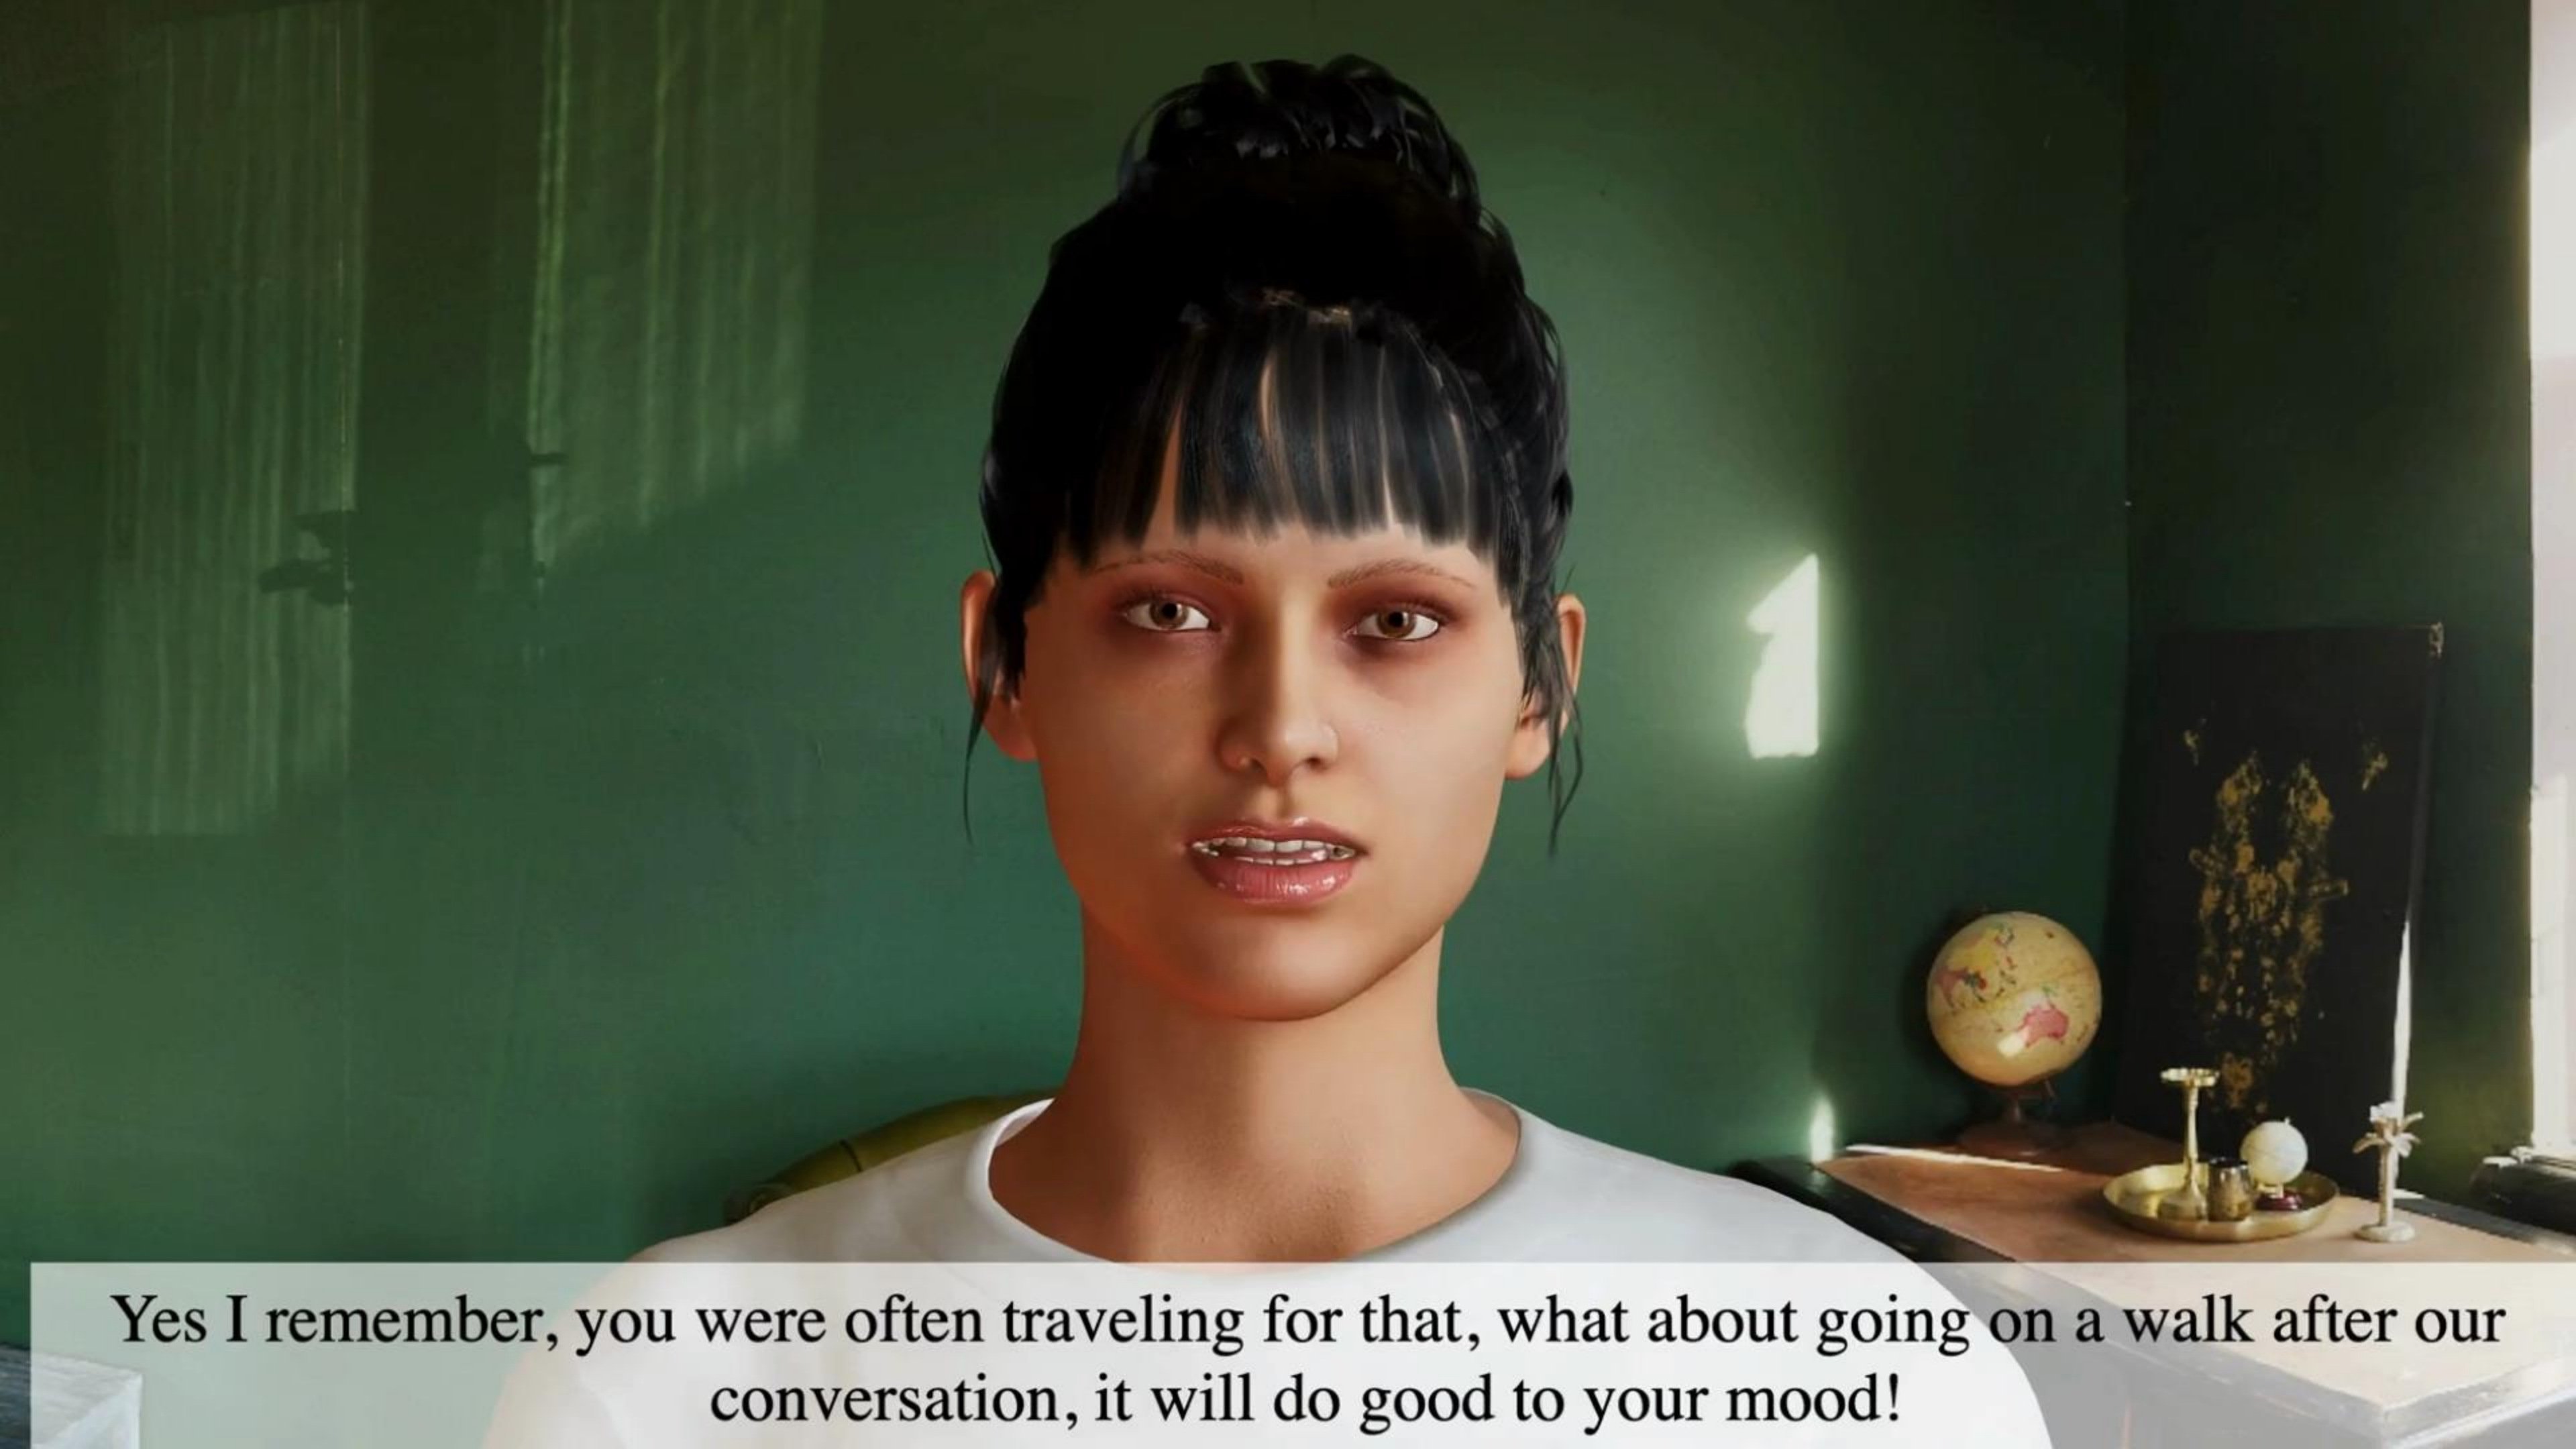

That's tough, I'm sorry to hear that. Is there anything I can do to help lift your mood? Maybe we can listen to some music? How about I play something from the 50s, when you and Mathea first met?

Wonderful! How about we listen to "Unforgettable" by Nat King Cole?

It sure does! What other memories do you have from that time?

Yes I remember, you were often traveling for that, what about going on a walk after our conversation, it will do good to your mood!

What makes Clara great?

Immediate: 24/7 easy access with real-time voice-processing and fast respond time

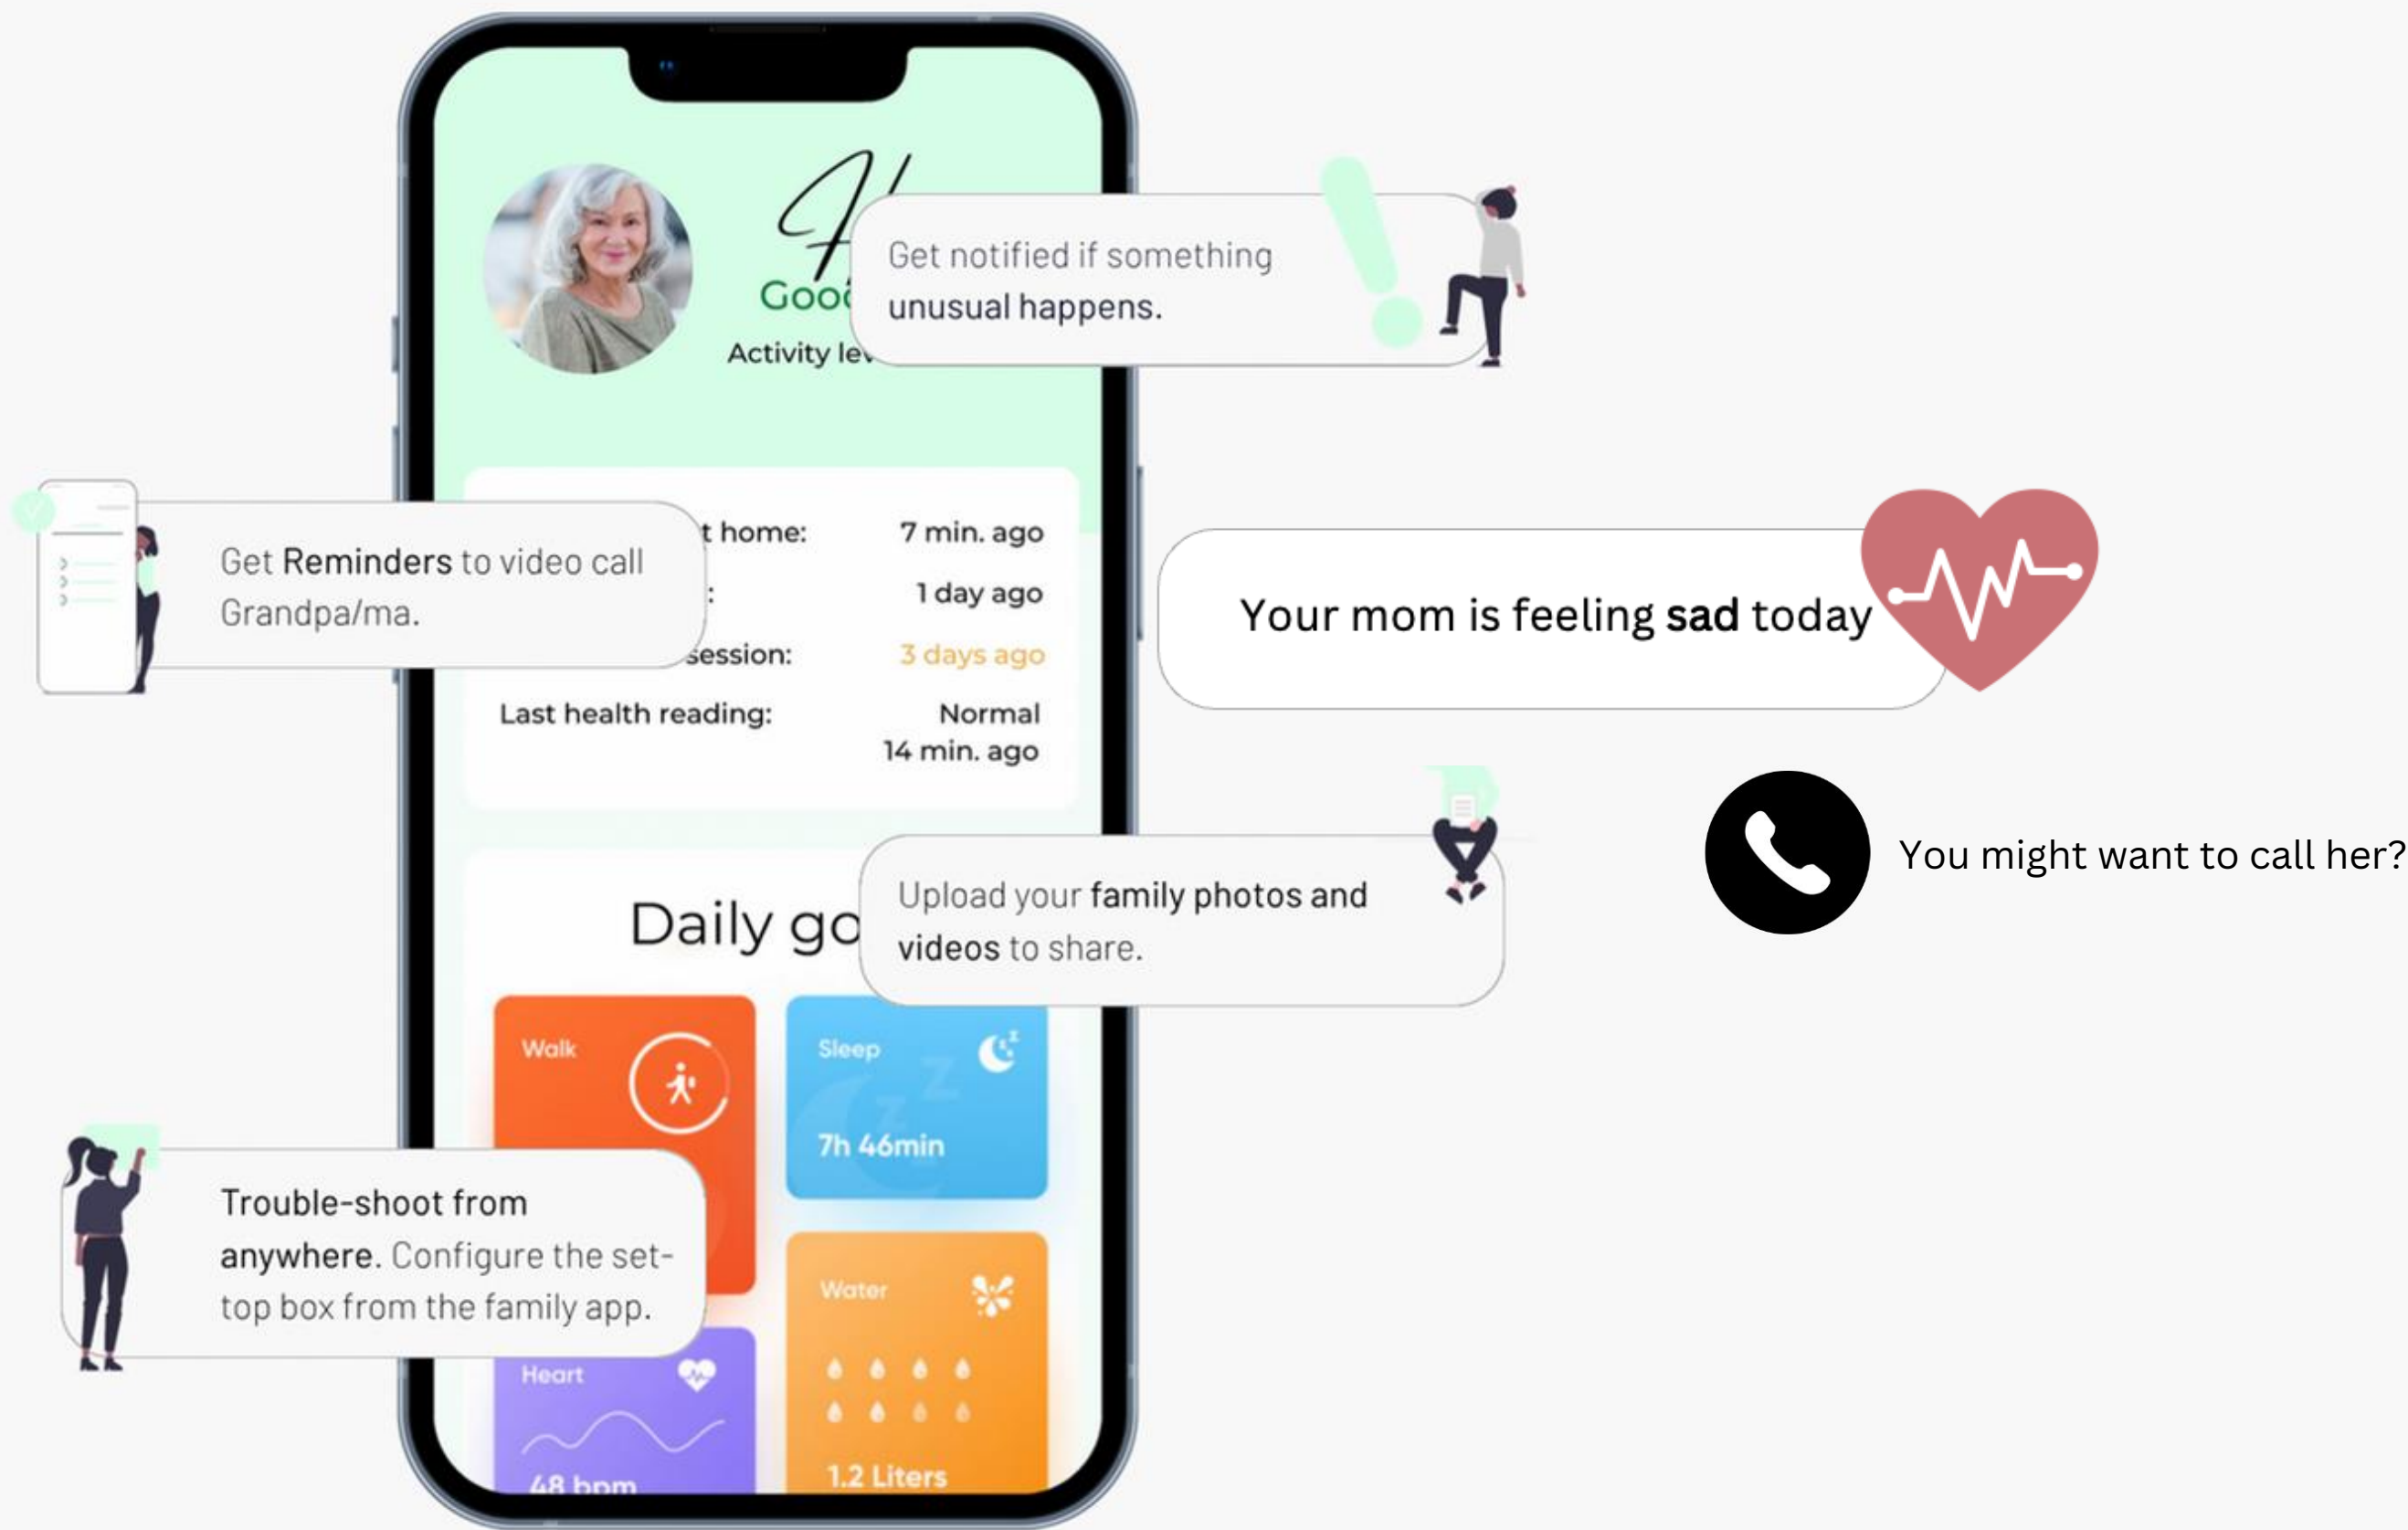

Personal: Remembers your personal life story and builds trust

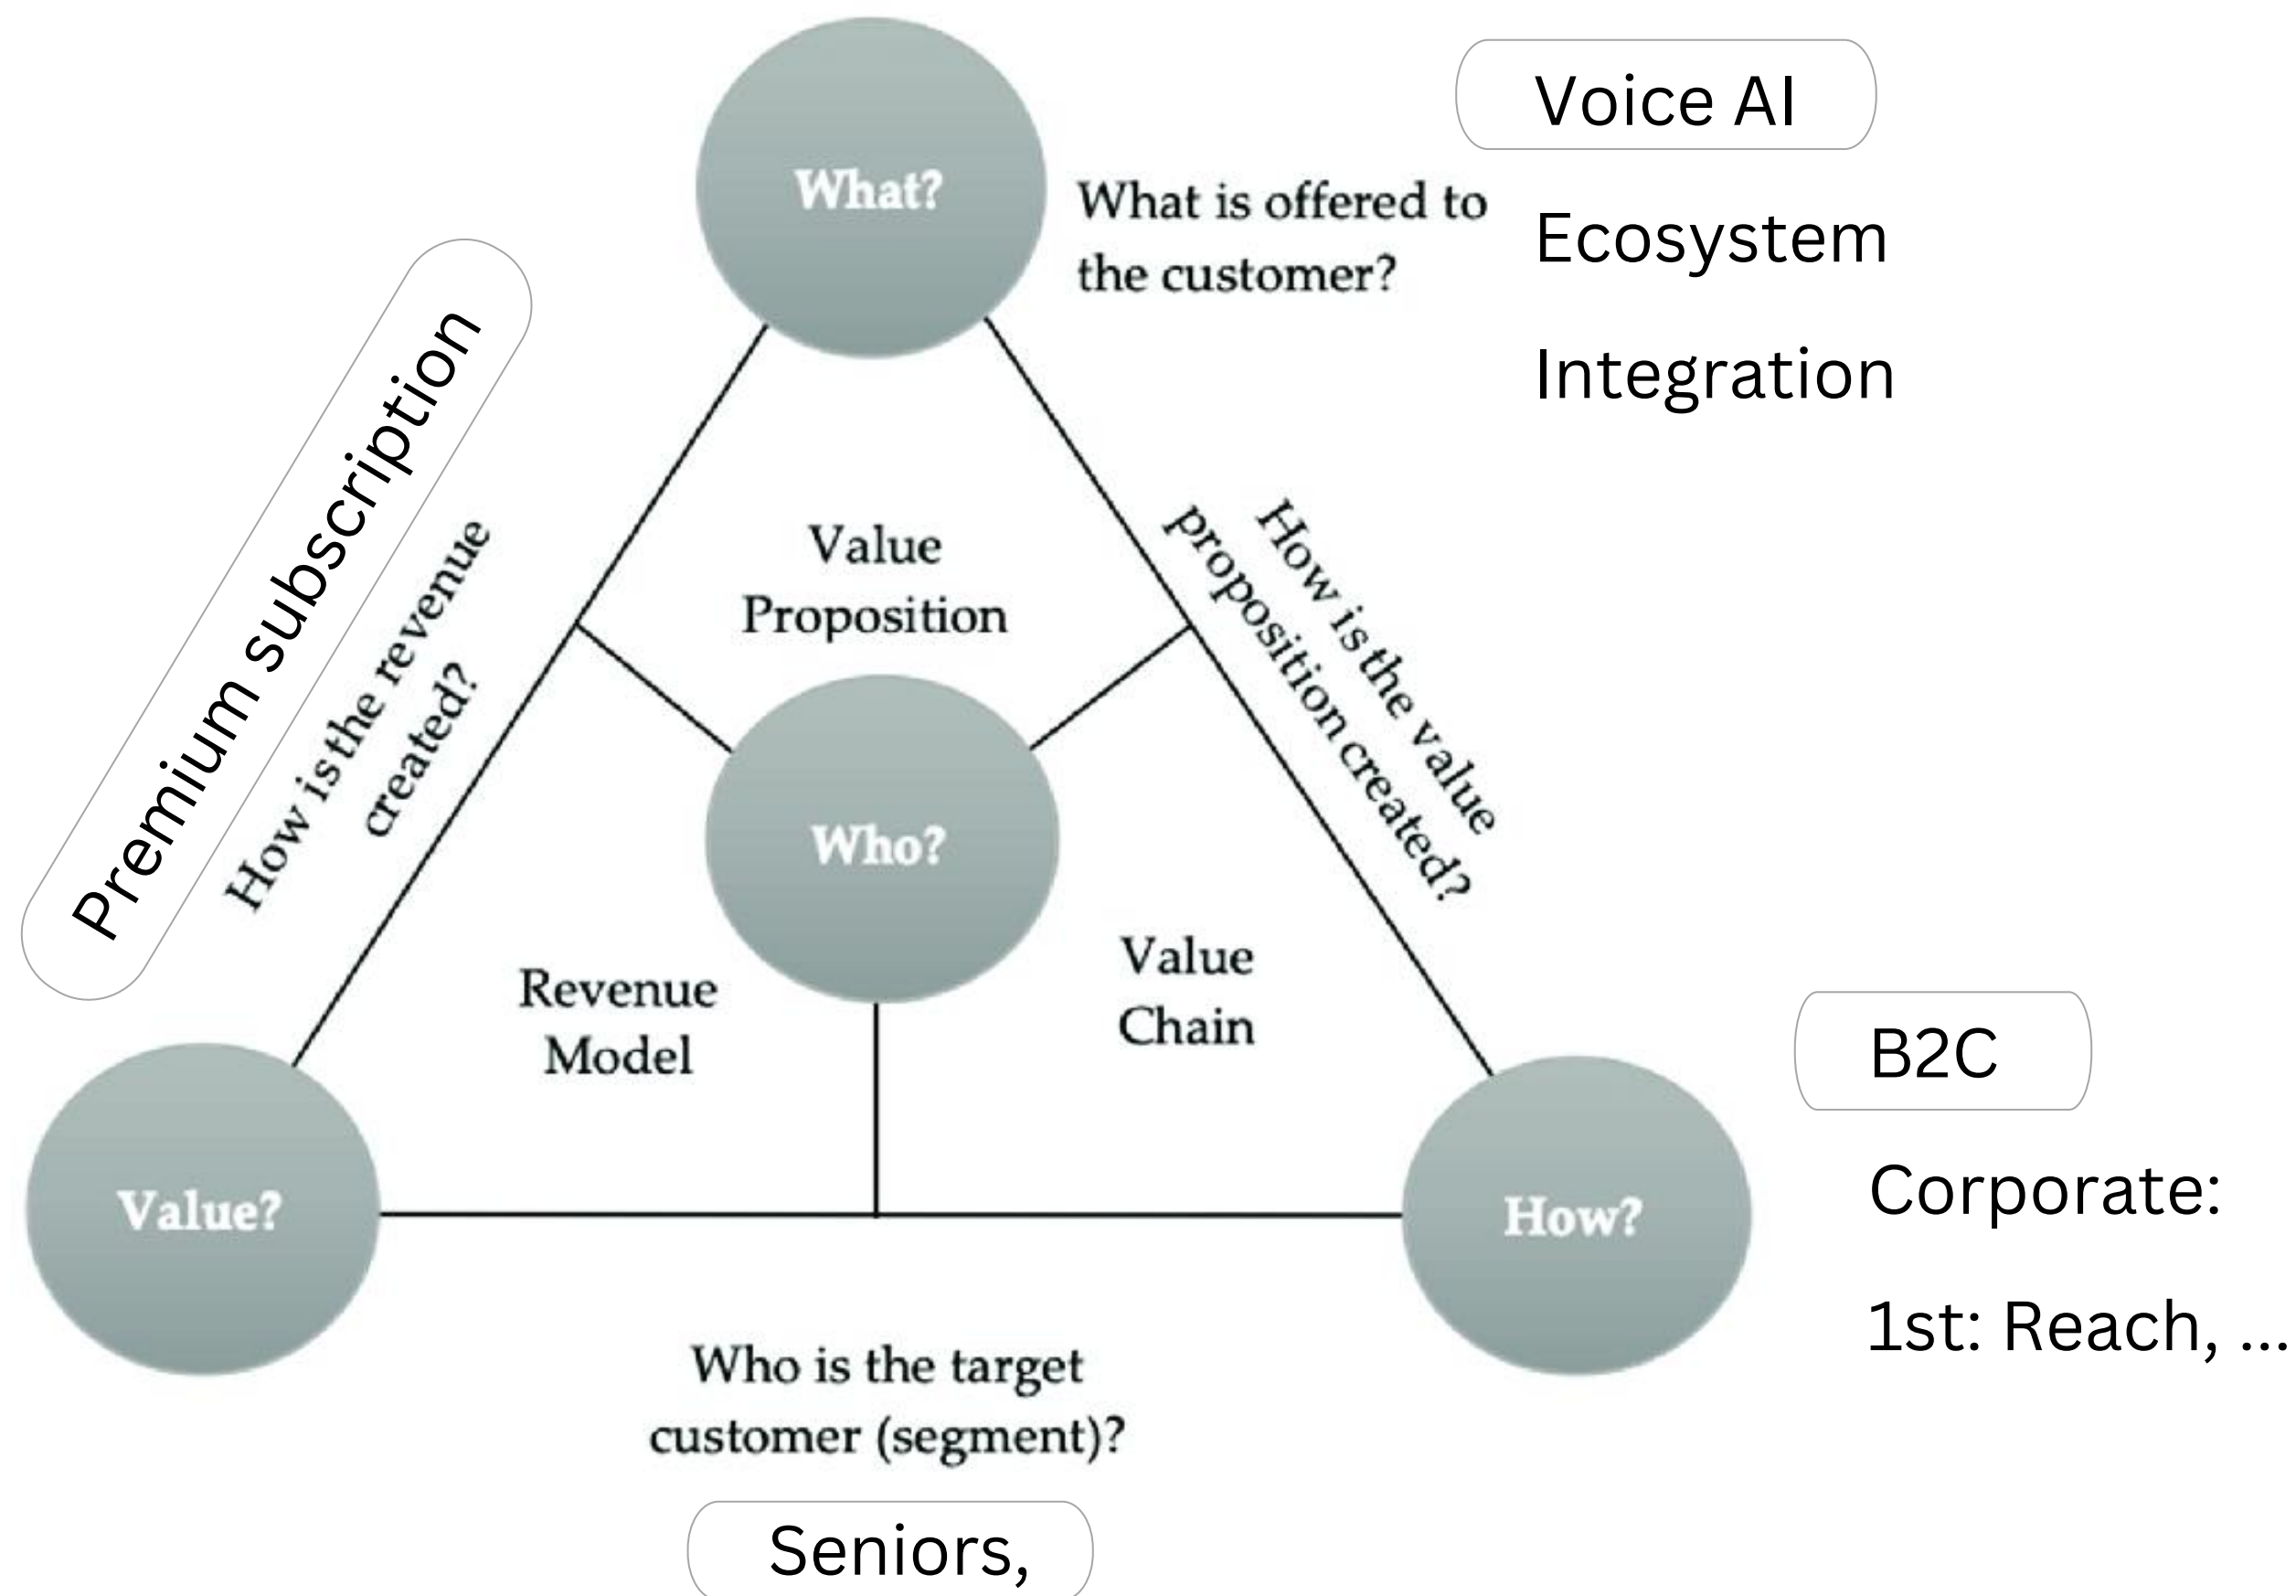

Emotional: Detects emotional distress and responds appropriately
